

Company Profile

Since its establishment, SonoScape has been committed to providing high quality medical equipment for the healthcare sector. SonoScape specialized in the development and production of diagnostic solutions. Through innovation SonoScape continues to not only improve the efficiency and accuracy of healthcare solutions, but also to increase a sense of comfort for the patient and clinician. Since 2002, the innovative technology of SonoScape has benefited millions of people and we are dedicated to continue providing more effective and accessible healthcare solutions to the world.

Quote from Frost & Sullivan

"The Frost & Sullivan Award for Growth Leadership is presented to the company that has demonstrated excellence in capturing the highest annual compound growth rate for the last 3 years... The sales of ultrasound devices contribute an overwhelming proportion of total revenue, helping the company strengthen its leading position to outperform the competitors in the marketplace. With increasing penetration of mid-to high-end ultrasound devices, SonoScape is expected to see growth potential in the future... "

Company Milestone

- 2002: Company Founded in Shenzhen, China
- 2003: Released SSI-1000: the 1st 15" Portable Color Doppler system in China
- 2004: Released SSI-2000: the 1st PC platform Color Doppler system in China
- 2005: Received the "High Technology Company" award from the PRC government
- 2007: Received "CHINA TOP BRAND" award in the Medical Equipment Industry
- 2007: Released the 1st Real time 4D ultrasound system in China
- 2008: Received "European Entrepreneurial Company 2008" award from FROST & SULLIVAN
- 2008: Received "Flagship Company" award in the Medical Equipment Industry in China
- 2009: Received "Product Quality Leadership Award 2009" from FROST & SULLIVAN
- 2011: Received the Reddot 2011 Product Design Award for S20 in Essen, Germany
- 2013: Received "Ultrasound Market Growth Leadership Award, 2013" from FROST & SULLIVAN
- 2014: Received the iF product design award 2014 for S9 in Munich, Germany
- 2014: Received "Company of the Year in Ultrasound Market, 2014" from FROST & SULLIVAN
- 2016: Received "Product Innovation In Electronic Endoscopy Market" from FROST & SULLIVAN

SonoScape

X5

U-X520161101

Caring for Life through Innovation

SonoScape's latest laptop styled color Doppler ultrasound system, the X5, will revolutionize the ultrasound market. Designed as the go to ultrasound in any setting at the bedside or abroad such as in an ambulance thanks to its light weight, small size and impressive durability. Packed with crystal clear imaging capabilities and advanced applications inside this small laptop system makes it the ideal system for use inside hospitals too. The X5 will provide you an efficient solution for ultrasound imaging with unexpected performance.

SonoScape

Efficient Experience

The new platform provides users a more efficient scanning process, due to its advanced technology. Since X5 aims to achieve an excellent imaging quality, these technologies contribute to produce images with high resolution and penetration, presenting a large amount of information.

- Multi-beam processing technology
- Spatial compound imaging
- μ -Scan image processing technology
- Pulse inversion harmonic imaging

Flexible Mobility

- 15.6 inch monitor in high definition
- Wide range folding angle and viewing angle
- Extended connector to 3 probes
- Noiseless system
- Quick boot up time
- Built-in battery support 3 hours continuous scanning
- Integrated trolley with height adjustment
- Wi-Fi and Bluetooth wireless connection

User Friendly

- One Button automatic optimization
- Large image display region
- Anti-reflective screen and auto brightness adjustment
- User-defined Operations

Extensive Applications

Crystal clear imaging quality with professional transducers makes X5 ideal for various applications.
